

50X1-HUM

Title: WORKS OF THE SEMINAR ON TENSOR AND TENSOR ANALYSIS (USSR)

Source: Two books: Trudy Seminara Po Vektornomu i Tenzornomu Analizu, Nos VI & VII, Russian books, 1948

**CONFIDENTIAL**

**CONFIDENTIAL**WORKS OF THE SEMINAR ON VECTOR AND TENSOR ANALYSIS

NOTE: Issues VI and VII cover the activities of the above Seminar between Jan 1937 and Dec 1947, in which time 261 sessions were held with as many lectures delivered by members. These two volumes list lecturer's name, title of discussion, date and sometimes a brief abstract of the lecture. Also given are ~~names of five deceased members and~~ a list of present members with ~~the name of~~ the city of residence. The remainder of the books consist of 28 monographs on vector and tensor analysis.

Below are given the names of above-mentioned members and titles of the monographs with author's name.<sup>7</sup>

As of 15 Jan 1942, the Seminar consisted of the following members and officers:

V. F. Kagan, Director of the Seminar

G. B. Gurevich, Secretary

E. Cartan and J. A. Schouten (Honorary Foreign Members)

Members Residing in Moscow:

Ya. S. Dubnov, A. M. Lopshits, P. K. Rashevskiy, M. G. Shestopal, V. R. Eyges, I. Ye. Tamm, I. N. Bronshteyn, G. N. Berman, B. V. Kutuzov, M. G. Freydina, N. V. Yefinov, B. A. Fuks, B. A. Rozenfel'd, I. M. Yaglom, G. F. Laptev, N. N. Yanenko, A. M. Matisova, L. A. Materova, A. L. Zel'manov, V. V. Dobronravov.

Members in Other Cities:

V. V. Vagner (Saratov), A. P. Norden (Kazan'), V. I. Kostin (Gor'kiy), E. Kh. Gokhman (Odessa), N. M. Nesterovich (Rostov on Don), M. P. Cheryayev (Rostov on Don), I. Ye. Ogiyevetskiy (Dnepropetrovsk), M. Dzhavodov (Baku), B. L. Laptev (Kazan'), Ya. L. Shapiro (Gor'kiy), M. A.

Sabirov (Tashkent), Ye. A. Liber (Saratov), D. L. Pikus (Frunse), Ye. F. Lishchinskiy (Dnepropetrovsk), L. L. Verbitskiy (Dnepropetrovsk), V. N. Skrydlov (Sevastopol').

Foreign Members: V. Hlavaty, St. Golab, D. Van-Dantsig, A. Wundheiler.

The following five former members were killed in the war:

A. P. Kotel'nikov, P. A. Shirokov, G. M. Shapiro, B. V. Lesovoy, N. A. Rosenson.

According to Issue VII, the membership as of 1 Jan 1948 is the same as for 15 Jan 1942, given above, except for the following:

absent: G. N. Berman (Moscow)

added: I. P. Yegorov (Penza)

A. I. Chakhtauri (Tiflis)

Monographs in Issue VI:

	<u>Page</u>
1. G. B. Gurevich. "Algebra of Trivectors."	28
2. A. P. Norden. "Internal Geometries of Surfaces of Projective Space."	126
3. P. K. Rashevskiy. "Scalar Field in Laminar Space."	225
4. J. A. Schouten & V. Van Der Kulk. "Problem of Pfaff and its Generalization."	249
5. V. V. Vagner. "Field Theory of Local Curves and Conical Surfaces in $X_3$ and its Application to the Calculus of Variation and to the Theory of Partial Differential Equations."	257
6. A. M. Lopshits. "Certain Problems of Tensor Algebra in Linear Dimensionless Spaces."	365
7. M. G. Freydina. "Dual Systems Admitting Groups of Motion"	420
8. V. I. Kostin. "Certain Problems of Metrical Dual Geometry of Riemann."	444
